## **Department of Insurance, Financial Institutions and Professional Registration Overview**

Created in 2006, the department consists of the former Missouri Department of Insurance and the Divisions of Finance, Credit Unions and Professional Registration formerly within the Missouri Department of Economic Development. The department protects consumers through oversight of the insurance industry, financial institutions and licensed professionals.

The department organizational structure includes the director's office and seven divisions.

**Director's Office:** Charged with overseeing operations of the department. The director's office handles regulatory transactions, provides legal assistance to other divisions in the department and coordinates dissemination of department information to the public.

**Administration Division:** Responsible for department-wide administrative support functions—including accounting, human resources, budget and information systems. The division is also responsible for the licensing of insurance producers operating within the state as well as public adjusters, bail bondsmen and surplus lines brokers.

**Consumer Affairs Division:** Answers around 16,000 calls each year from Missourians about insurance through the department's consumer hotline. In disputed insurance claims, the division acts as a liaison between the consumer and the insurance company. The division investigates complaints submitted by the public alleging unfair or unlawful acts committed by insurance companies and producers. The division also provides insurance education and outreach activities to Missouri citizens.

**Insurance Market Regulation Division:** Reviews around 9,000 policies, rates, products and other pertinent material filed by insurance companies each year to ensure compliance with state statutes and regulations. Performs market conduct examinations of insurance companies to ensure equitable treatment of policyholders, determine compliance with the statutes and regulations of the state; and actively monitor the insurance marketplace.

**Insurance Company Regulation Division:** Responsible for monitoring and analyzing the financial solvency of insurance companies licensed in the state. The division performs financial examinations of insurance companies to prevent insolvencies and to take the appropriate action against financially unsound or incompetently managed companies. Also certifies and collects about \$235 million in premium taxes due the state.

**Division of Credit Unions:** Responsible for the examination, supervision, chartering, merger and liquidation of Missouri's 126 state-chartered credit unions. The division also responds to consumer complaints against credit union services or operations. Missouri credit unions have approximately 1.2 million member and assets of \$10.5 billion. Missouri ranks eighth in the nation in the number of state-chartered credit unions.

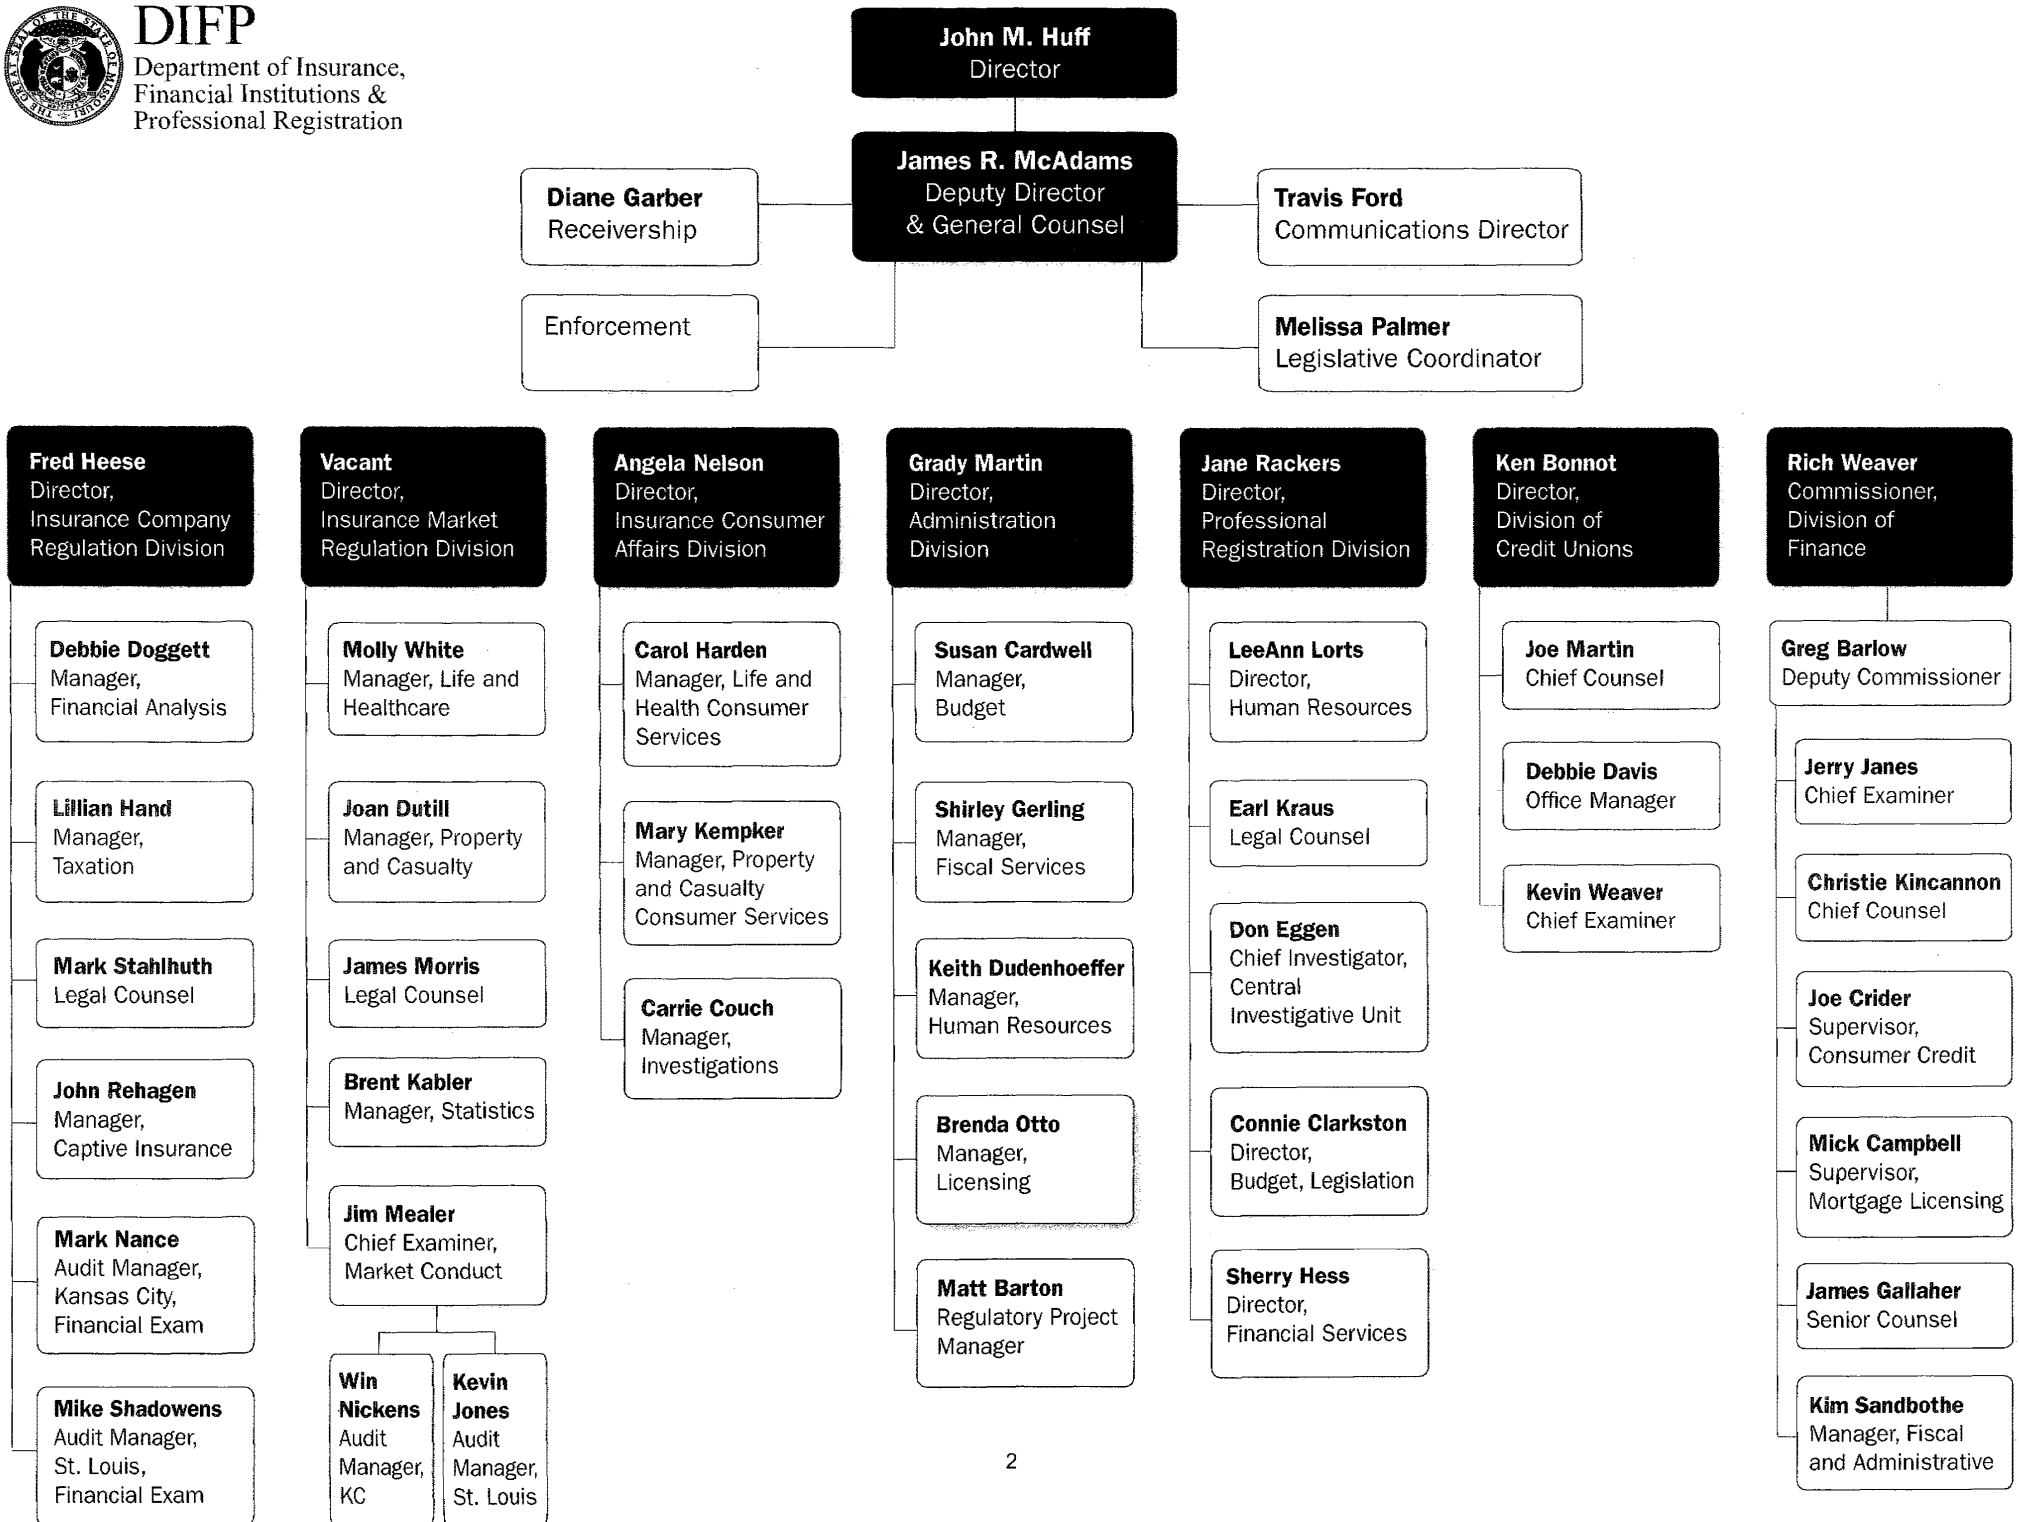

**Division of Finance:** Responsible for the incorporation and regulation of Missouri's 281 state-chartered banks, non-deposit trust companies, and savings and loan associations. The division also licenses and regulates consumer credit companies, credit services organizations, money order companies and mortgage loan originators. Primary objectives include ensuring the safety and soundness of these institutions and the monitoring of compliance with laws and regulations, thereby safeguarding the funds of depositors and maintaining public confidence in Missouri's financial system. Missouri ranks fifth in the nation in the number of state-chartered banks.

**Division of Professional Registration:** Responsible for supporting 39 professional licensing boards and commissions in licensing and regulating the activities of over 400,000 Missourians representing approximately 240 different trades and professions. The boards and commissions process applications, administers examinations and, when warranted, conduct investigations into possible professional misconduct and may take disciplinary action against the practitioner.

2. CORE DESCRIPTION									
Core request for Insurance Operations. The department is responsible for overseeing the insurance industry's compliance with all Missouri insurance laws and regulations and protecting the interests of the Missouri insurance-buying consumer. The department licenses over 140,000 insurance producers (agents, brokers and agencies). The department, acting on complaints from consumers, investigates companies and producers accused of insurance law and regulation violations. The department certifies for collection over \$200 million in premium taxes paid by insurance companies for deposit into general revenue and school funds. The department provides information to over 16,000 consumers each year through a statewide toll-free hotline and continues to increase the amount of information and services available to both consumers and industry through the department's website. Core includes the Consumer Restitution Fund which is for preserving and distributing to aggrieved consumers funds obtained through enforcement proceedings by the director. An estimated appropriation is requested as the number of cases and amounts of funds recovered are not known.

<b>2. CORE DESCRIPTION</b>									
<p>The Insurance Examiners Fund serves as a revolving fund to collect fees assessed and to pay expenses of insurance company examinations. The department conducts both financial and market conduct examinations. Financial examinations ensure insurance companies have sufficient reserves to pay consumer claims and consumers have access to affordable insurance coverage. Market conduct examinations of insurance companies serve to verify that policyholders and beneficiaries receive the full benefits from the contracts they and the insurer have agreed to. Since many of the insurance companies examined have physical locations outside of the state, department examiners must go to these locations to examine company records. The expenses of these examinations are billed to the companies examined. The costs assessed to the companies for examinations can be taken as credits against the company's premium tax payment to the state of Missouri.</p>

## 2. CORE DESCRIPTION

The Division of Credit Unions is the regulatory agency responsible for the examination, supervision, chartering, merger and liquidation of all state-chartered credit unions. The division also responds to consumer requests or complaints about credit union services or operations. The division is an accredited agency through the National Association of State Credit Union Supervisors (NASCUS), and all member deposits are insured by the National Credit Union Administration (NCUA), an agency of the federal government. The division is statutorily required to conduct examinations at least once every 18 months on qualifying state-chartered credit unions. Examinations are conducted to ensure the safety and soundness of credit unions and to ensure compliance with applicable rules, regulations and statutes. The division proactively performs off-site monitoring on an ongoing basis to assist in identifying increasing risk. Credit unions incurring problems, whether financial, operational or in compliance areas, receive increased attention which may come in the form of enforcement actions. The Division of Credit Unions currently regulates 126 credit unions with assets of \$10.5 billion. Missouri is ranked eighth in the nation in the number of state-chartered credit unions. There are approximately 1.2 million members of Missouri credit unions.

<p>The Division of Finance is responsible for the regulation of state-chartered financial institutions in Missouri to ensure a sound banking system and protect depositor's funds. The health and vitality of Missouri's banking industry is critical to the state's economic well-being. Bank failures have a negative impact on a state's economy and threaten the public's confidence in the banking system. It is important that Missouri citizens have confidence that the money deposited in the state's financial institutions is safe. The Division of Finance helps to ensure the safety and soundness of Missouri's financial institutions through the chartering and regulation of state chartered banks, trust companies, and savings and loan associations. The division also licenses and regulates consumer credit companies, credit service organizations, money order companies, residential mortgage brokers, and loan originators. Statutes require that each state bank, trust company, and savings and loan association be examined for safety and soundness at least every 18 months. Consumer credit companies as well as banks are examined periodically for compliance with statutes and regulations governing finance charges, credit insurance fees, etc.</p>

The Missouri State Board of Accountancy is requesting 1 FTE as authorized by Chapters 326.286(6), 326.310(18) and (19), RSMo and 20 CSR 2010-4.031 for an Auditor II position that will perform investigatory functions. The board is requesting this position to manage the increased workload demands of the office which have been a result of many factors including, but not limited to: increase of licensees, increased complaints, increased audits, and additional regulatory requirements such as Chapters 324.010, and 144.083, RSMo which require licensees and businesses to be compliant with Missouri income, withholding, sales and use tax laws have also lead to additional board investigations.

**Compliance and Training Enhancements**      **DI#** 1375003

Additionally, the board has expanded its audit of continuing professional education (CPE) required by the licensees for renewal. The increase to 5% of the renewal population has found a non-compliance rate of approximately 30%. Since it is mandatory that certified public accountants (CPAs) maintain their professional competence, the board is requiring follow-up audits on the 30% that failed to comply with CPE requirements. As the board continues to audit at a 5% or higher level and to audit the 30% that failed the CPE compliance audit, the auditor's demand will continue to increase as well. Currently, the board has 1 senior auditor that handles this doubled workload with the help of a temporary employee who assists in the CPE compliance audits and some investigations.

Pursuant to Chapter 326.271, RSMo the Missouri State Board of Accountancy requires the completion of continuing professional education (CPE) to renew a certified public accountant (CPA) license and 20 CSR 2010-4.010 gives the minimum amount and type of CPE that must be completed by the CPA. The board requires 2 hours of ethics to be completed each year. In order to provide a service to its licensees and to improve CPE compliance, the board would like to provide 2 hour jurisprudence ethics courses in St. Louis, Kansas City, Columbia, Cape Girardeau, and Springfield each year at no cost to licensees. This would be a new strategy aimed at achieving a better CPE compliance rate overall. Based on costs observed from other overnight travel and training, it is estimated that it would cost approximately \$6,000 per training session for travel, meeting rooms, and published materials for the jurisprudence ethics training at each location.

Pursuant to Chapter 326.265.2, RSMo the Missouri State Board of Accountancy may employ legal counsel and incur such expense as in its judgment shall be necessary to the effective administration of Chapter 326, RSMo. The board needs additional legal funds due to the increased number, type, and complexity of its investigative complaints against certified public accountant (CPA) licensees, CPA certificate holders, and CPA firms. The board has 47 legal cases which range from very simple to complex issues that may take several years to resolve with effective discipline. The board strives to faithfully follow the appropriate due process procedures and as a result continues to incur increasing legal costs. In addition, at least one of the 47 legal cases pending will be heard by the Missouri Western District Court and will cause the board to incur additional legal costs beyond most cases litigated by the board.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The board has utilized a temporary employee for compliance audits and complaint investigations since March 2007 for 1,000 hours each year. In 2007, there were 100 compliance audits and 77 complaints opened. The compliance audits and complaints have increased by more than 100% in this same timeframe. As a result of the increased workload, there are times that investigations have taken 6 months to 3 years due to the scope of the investigation coupled with a lack of board resources. The board has tried various solutions to reduce the length of time it takes to complete an investigation. Based on some of the telephone calls the board has received from the complainants indicating that they are discouraged with the length of the investigative process, it would improve public perception to have sufficient staff to improve the process.

Using the current 1,000-hour temporary employee as a guideline for utilization, the board estimates that by replacing this temporary employee with a full-time employee, the full-time employee would be sufficient to assist the senior auditor in managing the increased workload. The board currently has office space for this new FTE, therefore, computer and telephone costs will be the only Equipment and Expense costs incurred. The board is estimating based on current expenditures and future outlays, that a \$30,000 increase to the appropriation will be sufficient to cover the cost of expected legal expenses.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**6a. Provide an effectiveness measure.**

Funding a new Auditor II FTE would allow the office to be restructured and workload redistributed. The new position would assist with the CPE compliance audit, complaint investigation, work closely with the senior auditor and participate in complaint committee meetings by presenting investigations to the board for decisions. In addition, they would provide support to other staff answering license questions regarding complaints and more complex licensing issues.

**6b. Provide an efficiency measure.**

The FTE would allow the board office to operate more efficiently in that the workload would be more manageable. It is expected that the position would result in decreased processing times on some investigations and quicker completion of the CPE compliance audit.

<b>7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:</b>	
<p>The strategy is to provide free ethics jurisprudence CPE 2 hour training sessions in St. Louis, Kansas City, Columbia, Cape Girardeau and Springfield. As ethics CPE is mandatory for renewal of licenses, the board believes a free ethics program will be well received. The program will allow the board to make sure the licensees understand Chapter 326, RSMo and the accountancy rules that they must comply with to maintain their CPA license, certificate, and/or firm permit.</p>

## 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding is needed to implement House Bill 265 (HB 265) which became law on August 28, 2011. HB 265 increases enforcement authority for the Board of Registration for the Healing Arts and allows the board to resolve cases in a more timely manner. To implement the new authority, the board will need an additional attorney and an office support assistant to assist the board and its staff in the investigatory process and to represent the board in litigation.

## 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

**Division of Professional Registration - State Board of Registration for the Healing Arts**  
**Implementation of HB 265**      **DI# 1375002**

This request is made pursuant to the enactment of HB 265 and mirrors the fiscal note presented with the bill. It expanded the grounds for which the board may seek discipline (Chapter 334.100, RSMo.); amended the criteria that must be met to obtain an emergency suspension of a physician's license (Chapter 334.102, RSMo.); and expanded the types of hearings that can be litigated before the board (Chapter 334.102.8, RSMo). HB 265 will significantly increase the board's workload. The requested attorney and office support staff will assist the board in meeting the mandates created in this legislation to include litigating cases resulting in appropriate action being taken against incompetent and/or impaired physicians in a timely manner. The board currently employs an attorney who serves as general counsel to the board and its six advisory commissions. This individual handles some litigation cases, but is limited in their ability to do so due to the time needed to conduct their general counsel responsibilities. The board also currently contracts with a law firm based in Kansas City, Missouri who represents the board in complex cases. In fiscal year 2011, this law firm billed the board for 3,972 hours. For the type of assistance needed and the type of additional cases to be handled pursuant to HB 265, the employment of an additional in-house attorney and support staff would be the most cost efficient.

## 2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Board of Registration for the Healing Arts received a complaint from the owner of a physical therapy clinic that a former therapist employed by the clinic had advised treatment contrary to a physician's orders. After investigating, the board filed an Administrative Hearing Commission (AHC) complaint against the therapist in August 2006 involving ten counts. The AHC eventually held that the board had not provided an adequate foundation to admit certain evidence. The AHC found in the therapists favor; no cause was found to discipline the therapist's license. In March 2008, the therapist filed an application for recovery of attorney's fees. In February 2011, the AHC issued its decision determining the board was not substantially justified in bringing and maintaining the disciplinary complaint and that a special factor existed requiring the board to reimburse the therapist at an hourly rate of \$200 instead of \$75.

In accordance with Chapter 536.087, RSMo, the Missouri State Board of Registration for the Healing Arts is seeking appropriation authority to pay this award. This award will be paid from the Board of Healing Arts fund. This is a one-time expense.
